

SYNTHETIC SNOW SURFACES FOR TUBING, ADVENTURE PARKS AND COMMERCIAL ATTRACTIONS

LEISURE & AMUSEMENT, BUILT TO PERFORM

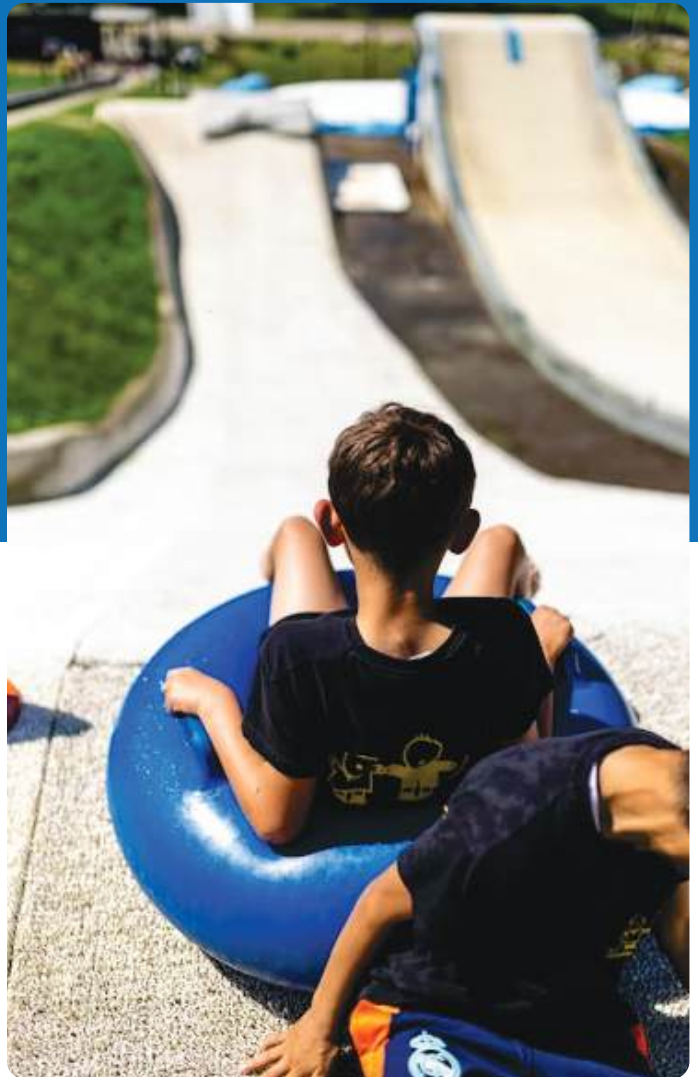

LEISURE PROJECTS SUCCEED WHEN EXPERIENCES ARE EXCITING AND ECONOMICALLY SOUND

High visitor throughput

Safety and predictability

Seasonal flexibility

Revenue must justify
investment

Concepts must scale
and evolve

ONE SURFACE. MANY EXPERIENCES.

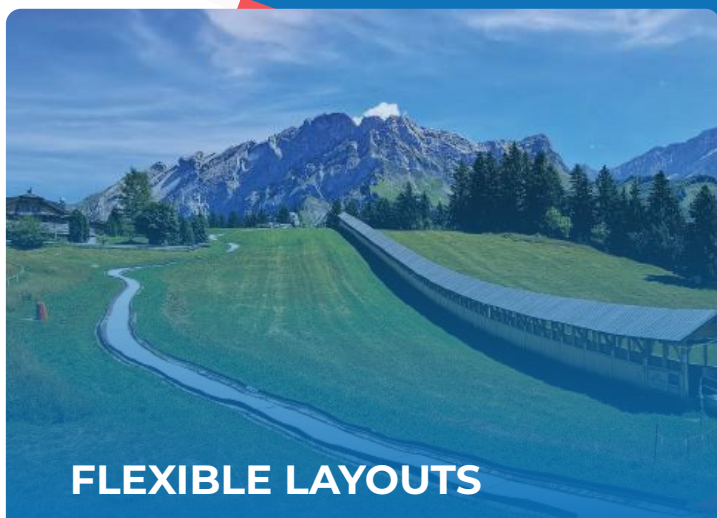

PearlSnow enables a wide range of leisure attractions within one coherent system.

**PREDICTABLE
SLIDING PERFORMANCE**

**DESIGNED FOR
HIGH-FREQUENCY USE**

FLEXIBLE LAYOUTS

**COMPATIBLE WITH
BROADER PARK CONCEPTS**

TUBING & FUN APPLICATIONS

From high-speed thrills to gentle family fun, explore modular attractions designed for safety, throughput, and year-round excitement.

CORE ATTRACTIONS

FAMILY & FLOW

EXPERIENCE LAYERS

DESIGNED WITH COMMERCIAL REALITY IN MIND

Attractions must generate return

Reliable infrastructure turning visitor excitement into consistent, predictable operational revenue.

Capacity, flow and uptime matter

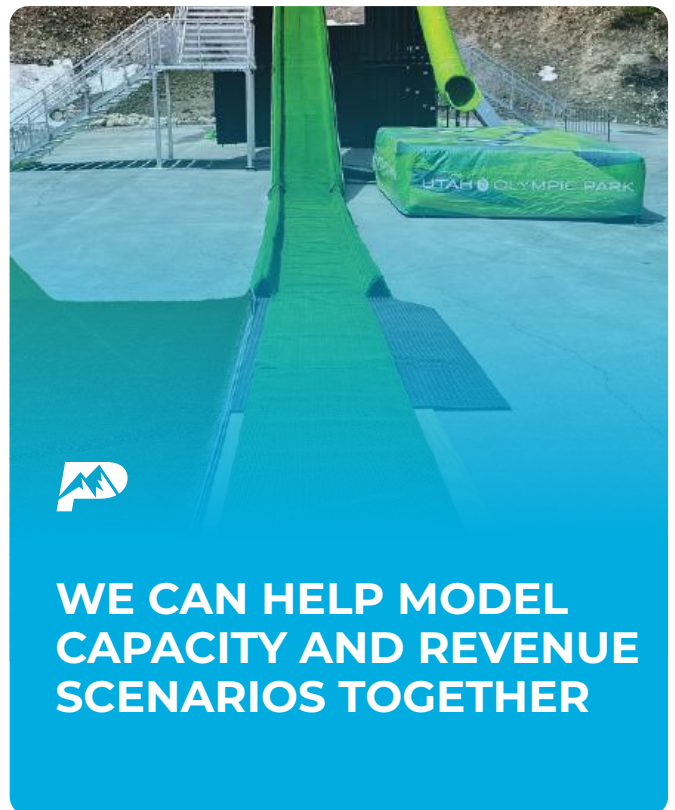

Consistent surface speed ensures high throughput and zero unexpected downtime.

Scalable layouts reduce risk

Start with a proven setup, then grow as demand increases.

Expansion-ready by design

Easily add lanes or features without disrupting your current operations.

**WE CAN HELP MODEL
CAPACITY AND REVENUE
SCENARIOS TOGETHER**

BUILT FOR COLLABORATION

We partner seamlessly with your designers and operators to create integrated, successful attractions that perform from day one.

**PearlSnow integrates
into partner concepts**

**Works alongside designers,
operators and suppliers**

**Infrastructure that supports
add-ons and upsell**

Clear roles, shared success

RÉLIABLE SNOW SURFACES. REAL SUPPORT.
